

2010.09.09.22

To All Westair Clients,

INTRODUCTION OF FLIGHTS TO ORANJEMUND VIA SKORPION MINE.

Due to demand from our clients, Westair has in the wake of the Air Namibia cessation of scheduled services along the coast, decided to re-introduce the scheduled flights from Skorpion to Oranjemund and back on Mondays, Wednesdays and Fridays.

The services to Oranjemund were cancelled because of a lack of support from the public. The re-introduction of these services will initially be for a trial period of two months after which a final decision, which will be based on the seats sold during this period, will be made

- **Date on which flights will commence : 27 September 2010.**

- **Ticket Costs :**

1. Eros to Oranjemund Single	:	N\$	3275.00
2. Eros to Oranjemund Return	:	N\$	6550.00
3. Skorpion to Oranjemund Single	:	N\$	655.00
4. Skorpion to Oranjemund Return	:	N\$	1310.00
5. Eros to Skorpion Single	:	N\$	2620.00
6. Eros to Skorpion Return	:	N\$	5240.00

We realise that the ticket cost seems exorbitant when one compares it to ticket costs of some overseas destinations. However, like in all costing, it is a question of economics of scale, and had the occupation rates justified a larger aircraft and higher occupation rates, we may have been able to provide the same service at reduced rates.

Westair would like to thank all our clients for making use of our undeniably reliable and safe services.

Yours faithfully,

Director Operations
