

BOGENFELS DISPUTE: INDUSTRIAL ACTION UPDATE

Namdeb Diamond Corporation would like to provide an update in relation to the mediation talks held in Windhoek.

The strike at Namdeb has now entered its third week. Over the past two weeks, on-going mediation talks, facilitated by the Ministry of Labour and Social Welfare have been held between the Company and the MUN.

Regrettably these mediation talks have not resolved the dispute. The Company is therefore actively pursuing other options.
