## Safety shield – Namdeb leads the field

The Chairman's Safety Shield is awarded once a year to the mine in the Diamond Division which has shown the highest improvement in the disabling injury incidence rate (DIIR) over a three year period.

ableng injury free month during March and April. This, together with only one disabling injury during May, has resulted in the mine's current DIIR of 0,39, which compares very favourably to the 0,64 and 0,55 for 1994 and 1995.

# **THANK YOU**

**We - Henry, Desiré and Catherine Truter -  
would like to express our heartfelt  
thanks and sincere appreciation for  
your expressions of sympathy - a lovely  
tribute from you to our son Lyndon's  
life and influence.**

"Thank you"  
all just can't cover  
about we want to say  
you how we feel  
throughout the amazing  
of Lyndon's illness three years  
for always being there.  
such a friendship is hard  
to equal.  
New the Gazette was lovely!
